## Explanation of Terms used in MNQF

### 1. Basic Education:

Completion of the 7th year of a School

### 2. Lower Secondary Education:

Minimum 3 passes in nationally recognized secondary school examinations. (Note 1: This will include certifications awarded through national systems normally after 10 years of formal schooling. Note 2: A pass at this level is considered a pass usually classified as acceptable for entrance to pre-university courses. For example at GCE O/L, a pass is considered C and above.)

### 3. Completion of Secondary Schooling

Completion of the final grade of a lower Secondary School programme. This is normally after 10 years of schooling.

### 4. Higher Secondary Education:

Minimum 2 passes in nationally recognized Higher Secondary School examinations. (Note 1: This will include certifications awarded through national systems normally after 12 years of formal schooling. Note 2: A pass at this level is considered a pass usually classified as acceptable for university entrance. For example at GCE A/L, a pass is considered E and above.)

### 5. Foundation Study at a MNQF level:

Foundation study at a MNQF level is a programme of study that provides the entry requirements to an MQA approved course of study at the next MNQF level. Foundation Study programmes may only be conducted at MNQF levels 3 and 4.

Foundation Study at a MNQF level will have the following features:

- A Foundation Study programme at a MNQF level need to be approved by MQA.
- A Foundation Study programme may lead to a stand-alone qualification registered with MQA.
- Courses that provide entry through Foundation Study programmes need to state this intent on application for course approval.
- A Foundation Study programme may only be conducted for a minimum duration of one academic year of full-time study leading to 120 credits.
- A Foundation Study programme at a MNQF level may be designed:
  - to deliver the characteristic generic outcomes specified by the level descriptors of MNQF; or
  - to deliver a programme of study to develop a general academic studies foundation required for entry into courses of study at the next MNQF level; or
  - a combination of a and b.
- A foundation study programme at a MNQF level may provide entry to more than one MQA approved courses of study at the next MNQF level

For Diplomas, points are given to all grades obtained as above and the sum is divided by No.of subjects taken and then finally converted to a score out of 15.

For example, a student gets 15A, 5B and 10C.i.e.  $(15 \times 5) + (5 \times 4) + (10 \times 3) = 125$

$125/30 = 4.17$ . This is then converted to a score out of 15.

$4.17/5 \times 15 = 12.51$

GPA= total score divide by No.of subjects

For example, a student has achieved 10HD, 5B and 5C

Total marks =  $(10 \times 6) + (5 \times 4) + (5 \times 2) = 90$

$$\text{GPA} = 90/20 = 4.5$$
